STRUTTER™ WINDOW – PRODUCT INFORMATION

Sizes and Finishes:

- Custom sizing and profile options available to meet project specifications or to match existing conditions.
- All standard aluminum finishes are available:
 - Anodized options: Clear, Dark Bronze, and Black
 - Painted options: All Kynar and Floro colors are available
 - Powder coating: Available in a wide range of standard finishes
- Custom colors are available in all finishes.

Glass Options:

- Compatible with all standard glass types, including Insulated, low-E, tinted, monolithic, and laminated.
- Available with internal muntins, grills, and true divided lites.
- Custom logos can be added with film or etching.

Compatible Window Systems:

- Can be integrated with most storefront systems using their standard sidelites and transoms (Tubelite, Kawneer, etc.).
- Can be installed into existing storefront openings.
- Subframe options are available for curtainwall applications.

Hardware Options:

- Able to utilize many existing hardware options similar to those of storefront doors and windows.
- Specialty hardware is available for specific applications.

Lead Times:

- Standard options can ship in 2-4 weeks. Lead times will vary for larger and custom orders.

Product Warranty:

- Two-year limited warranty for commercial and residential products. Certain restrictions will apply; view our complete warranty at www.strutterwindow.com.

Manufacturing:

- Strutter windows are manufactured in the United States.
- Strutter windows are prefabricated in a controlled environment, offering the highest production quality.

Maintenance:

- Strutter windows are maintenance-free.
- Cleaning guidelines are available at www.strutterwindow.com.

Space-Saving Design:

- Strutter windows are stored overhead and out-of-the-way when in use without requiring rails, motors, or additional mechanisms.

*Motorized and pneumatic options are coming soon; contact our sales team for more details.

Note: The information provided is an overview of the Strutter window. For detailed technical information and project-specific inquiries, please go to our website or reach out to our sales team.
